ATTN: Letter to the Editor

As I examine the qualifications and accomplishments of the candidates for the 73rd Ohio House of Representatives seat, I will continue to support Representative Rick Perales. When I have the occasion to question legislation, Rick has always been just a phone call away. When I am looking at issues which are hazardous to people in my profession, Rick is always the first contact. We have noticed an issue with Workers Compensation and medical checks for employees in the jail. Rick was contacted and began working on this issue immediately. A comprehensive law for counterfeiting was identified as a need for the Ohio Revised Code, Rick was contacted and worked on this issue which has now been signed into law. Many times over the years, Rick will reach out to me and seek my opinion on pending legislation as it relates to issues which may have an impact on law enforcement. As a former military officer, I know Rick is always looking out for the interests of WPAFB and the impact our base has on Greene County. As a lifetime Greene County resident, I am fully aware of the importance of this facility to our county and am very pleased to see the efforts put forth by Rick in protecting those interests! Having known Rick for 15 years now, I appreciate his efforts to help Greene County and I support his bid for reelection to the 73rd Ohio House seat.
